THIS IS TECHNIQUE 88.

TECHNIQUE 88 is the process of locating the thetan, the "I" of the individual and the auditing of the thetan.

TECHNIQUE 88 depends upon a knowledge of TECHNIQUE 80 which is a mechanical process applicable to any thought or thought mechanism. Tapes on TECHNIQUE 80 are in the hands of your local associate; the data is being compiled and published as fast as possible. The tapes are the only form now available unless this book contains a slip which says we have HOW TO AUDIT ready to deliver to you.

TECHNIQUE 88 is an incredible advance over past understanding and obtains incredibly fast results. This does not mean that it is at first glance credible. You will discover that all of it is true as soon as you give it a try.

TECHNIQUE 88 is an E-meter technique. You can get an E-meter from this office or from Volney Mathison. You can try 88 without an E-meter for present life material. An E-meter is essential for a complete theta clearing.

ARCHIMEDES, when he discovered how to measure the specific gravity of metals may have run about shouting "EUREKA!" I am not going to shout "Eureka", I am simply going to tell you to get busy now with this technique and produce its minimum, a MEST clear. We need them. We can use a couple thousand by Fall. This one really has found it. So all I am going to say is you've got it now! Let's get this show on the road. That isn't Greek. It's a call to action.
